Loving meeting people and traveling, I had the chance to work and live in 3 different countries and traveled within 15.

JUST DO IT

I'm involved in some Mataró groups for playing padel or weekend walk in Maresme.

Also, because sport is important to me, I ran the 2024 Barcelona half-marathon with members of my family.

STAY TUNED

Playing instruments for more than 15 years, I love to compose and record music.

A few years ago I had a Youtube channel of Guitar tutorials to share my passion for music.
